ENRICHED BY THE ESSENCE OF THE EARTH

T & L InspireStone™ is a revolutionary stone composite material that has the appearance and beauty of natural stone without the excessive weight. The exclusive InspireStone™ technology makes it a durable and timeless choice for your luxury bathtub.

InspireStone's™ certified formula is both hygienic and appealing to the senses - our luxurious silky smooth finishes are warm to the touch - elevating your bathing experience.

Our luxury freestanding bathtubs and basins have the hallmark of superior craftsmanship, making them the first choice for prestigious design firms worldwide. Moreover, five-star hotels, resorts and upscale private residences love our wide selection of luxury freestanding bathtubs, basins and drop-in tubs.

A woman is relaxing in a white bathtub filled with pink rose petals. She is reading an open book. Her legs are extended, and her feet are visible. The background is dark with some green plants. The overall mood is peaceful and relaxing.

*"There must be quite a few
things a hot bath won't cure,
but i don't know any
of them."
- Sylvia Plath*
