CARE AND CLEANING OF YOUR TYRRELL & LAING BATHTUB

Our tub material is non-porous, mold, stain and mildew-resistant, making cleaning and maintenance easy.

Routine cleaning with any mild dish soap and warm water will give you many years of trouble free service.

The use of hard abrasives may cause scratching, discoloration and dullness to the surface.

For cleanup after installation or for a difficult stain, please use nail polish remover on a soft cloth for matte finishes and gel gloss polish (provided) on a soft cloth for glossy finishes.
