

CLEANING GUIDE

**MATTE BLACK
FINISHES**

Tyrrell & Laing
INTERNATIONAL INC.

BEST PRACTICES FOR CLEANING MATTE BLACK BATHTUB FINISHES

Always wipe down your bathtub with a soft cloth after each use. This will maintain the look of the beautiful finish.

Wiping your bathtub after use will eliminate a build up of dreaded water spots.

Do not use any abrasive cleaners. Harsh cleaners and chemicals will damage the finish over time.

Do not use any metal scrubbers that will scratch the surface. A soft cloth works perfectly.

Continue using your regular hygiene products.

After using bath oils or bath bombs - a gentle soap cleanser will work best to clean the surface.

T & L INSPIRESTONE™

Enriched by the essence of the Earth, T & L InspireStone™ is an unprecedented material motivated by sophisticated craftsmanship.

T & L InspireStone™ exclusive technology exemplifies high performance that is appreciated for generations. Our stone composite material has the appearance and beauty of natural stone without the excessive weight. It is the perfect balance between luxury and durability. Our certified formula provides the epitome of hygiene and wellness.

Our luxury freestanding bathtubs and basins are handcrafted and meticulously devoted to absolute beauty, making them the first choice for prestigious design firms worldwide.

T & L has a wide range of luxury freestanding bathtubs, basins and drop-in tubs catering to 5-star Hotels, Resorts and private residences.

Appealing to the senses, our luxurious silky smooth finishes are warm to the touch, ultimately elevating your bathing experience.
